Yard Waste Collection Update

The City of Maitland is aware of the pace of yard waste and debris collection that has transpired this week. If your yard trash was not picked up this week, it was not missed. Due to the large volume of debris generated by Hurricane Matthew, all landfills in Central Florida are facing long lines of haulers, landscape contractors, and residents depositing a larger-than-normal volume of yard waste. The City's waste hauler has ordered additional trucks to assist in speeding up the removal process. Additionally, Public Works staff is assisting in picking up yard debris. An additional yard waste pick up is scheduled for Saturday, October, 15, 2016. We appreciate your patience as we systematically work to remove all debris. If you have any questions or concerns, please contact Customer Service at 407-539-6265.
