Subject: MFRD Saves a Patient's Life in Winter Park

[Flashback Friday: Maitland's 130th Birthday](#)

Two years ago was Maitland's 130th Birthday Celebration. Maitland was incorporated on July 17, 1885. There was heavy rain that day; however, that didn't stop merriment from happening inside the Venue on the Lake with entertainment from the Performing Arts of Maitland and indoor games for children. Stilt walkers made people smile. It was a very wet but very fun day.

The Next Coffee with a Cop Event is on July 19

The Maitland Police Department invites you to our second Coffee with a Cop event on Wednesday, July 19, 2017. Join the MPD at Einstein Bagels in Maitland (441 S. Orlando Avenue) from 8:00 a.m. to 10:00 a.m. to meet the Chief of Police and several other Maitland Police Department patrol officers. Mark your calendar for some good coffee and conversation!

Pictured from left to right: WPFD Fire Chief James White, WPFD Engineer Eric Wheaton, WPFD FF/EMT Ross Cravey, WPFD Lt. Rich Taylor, Steven Kwong, Medical Director Dr. Todd Husty, MFRD FF/PM Matt Gillespie, MFRD FF/PM Matt Godson, WPFD Engineer Chris Gattis, and our very own Fire Chief Kim Neisler.

Firefighter/Paramedic Matthew Gillespie joined the Maitland Fire Rescue Department three years ago. As part of the training program, newer paramedics are required to research a topic and give a presentation to MFRD staff and Dr. Todd Husty, the department's medical director. This meeting takes place once a month.

MFRD has a special relationship with Dr. Husty that is 29 years in the making. The staff meets monthly with Dr. Husty to review MFRD's significant medical calls and discuss new and innovative protocols. MFRD's relationship with Dr. Husty allows them to use his protocols over Orange County's protocols. Thanks to Dr. Husty's review of presentations, "we can change our practice parameters at a drop of a hat," said Fire Chief Kim Neisler.

The City of Maitland is happy to announce that Pam Brotheridge has joined City staff in the role of Water Supervisor. Her start date was June 12, 2017.

Pam comes to the City from Veolia North America, a French transnational company that provides municipalities throughout the world with water management and waste management services. "I'm glad to be back home," Pam said. [Read More](#)
