Fire Permit Checklist					
	ITEM	Included	If N/A Provide Reason		
Plan Set	Fire Protection plans must be signed and sealed by an engineer				
	Fire Protection plans must include all manufacturer's specifications for all equipment				
	Engineered Plan Set: Plan sets submitted for eReview shall not be signed and sealed. Plan submitted for eReview are required to submit (paper copy/hard copy)a signed and sealed (wet sealed or embossed) Professional Signature Submittal (PSS) letter, which identifies the plan sheets that will be signed and sealed by the architect/engineer at approval. Once the plans are approved through eReview, the City will electronically stamp the plan set, make the plan set avaible online and send an email request for approved plans to be submitted to the City. Then, the plans will be downloaded by the applicant, printed, signed and sealed (wet sealed or embossed) by the architect/engineer of record. The City requires one approved plan set for the office and one for the job site. Please see our website for a full explanation of our sign and seal process. https://www.itsmymaitland.com/174/Building-Safety-and-Permitting				
	Do Not Submit Secured Documents: Ensure plan set or documents is not submitted in a secured state preventing the ability for staff review.		Required
